LAND TRANSPORTATION

- **Import Delivery:**

We handle every aspect of the import delivery process, starting with the pull-out from the port after customs clearance. If needed, we store cargo in our terminal before ensuring secure and timely delivery to the customer premises. Our services also include the safe and sound return of empty containers to the shipping line.

- **Export Stuffing:**

For export shipments, we manage the entire process. This begins with the collection of empty containers from the shipping line. We then place these containers for stuffing at the shipper's premises, ensuring it aligns with specific requirements. After stuffing, the full container returns to our terminal for storage before it's shuttled to the port for customs clearance and loading onto the nominated vessel.
